# Auto Sales

## Feb'24: Volumetric sales down by 8% MoM

- During Feb'24, the automotive industry experienced sales dipping to 9.7K units, depicting an 8% MoM decrease but a stark 57% YoY increase. The total sales for 8MFY24 reached 59.7K units, indicating a significant decline of 41% YoY compared to the 101.4K units reported in SPLY.
- The slump in auto sales on MoM basis can be attributed overall reduction in consumer purchasing power affecting sales of cars above 1300 and 1000 cc, reflecting a shift in consumer preferences towards budget-friendly cars, and the shorter duration of February has also impacted volumetric sales, adding to the overall decline.
- Breaking down the segments, there was a 4% MoM decline in the 1,300cc and above category and a 23% MoM decline in the 1,000cc segment. Conversely, below 1000cc segment demonstrated a 14% MoM surge, reaching a total of 3,556 units.
- Indus Motors (INDU) reported a 26% MoM decline in volumetric sales in Feb'24, clocking in at 2,036 units, primarily attributed to a 55% MoM plunge in Fortuner and Hilux sales.
- Pak Suzuki (PSMC), demonstrated a 7% MoM upturn in overall sales during the same period. This can be attributed to surge in volumetric sales of affordable cars like Alto, Cultus, Bolan, which saw MoM sales growth of 13%, 17% and 36%, respectively.
- Moreover, Honda Atlas Cars (HCAR) experienced a 13% MoM increase in volumetric sales in Feb'24, attributed to a 14% MoM surge in Civic/City sales, reaching a total of 1,759 units.
- Sazgar Engineering (SAZEW) saw a 57% MoM sales decline in Feb'24, largely due to increase in sales in Jan'24 due to higher base effect from backlog fulfilment and new year impact.
- Two-wheeler sales volumes saw a 10% MoM decline and a 9% YoY decline in Feb'24. Atlas Honda (ATLH) achieved sales of 82,104 units, marking a 11% MoM decline and a 8% YoY decline.
- Tractor sales decreased by 12% MoM in Feb'24. MTL reported a decline of 23% MoM, recording 2,158 unit sales, while AGTL sales arrived at 1,208 units, up by 20% MoM.
